Sibella Cametta does well in school, has a fat bank balance from building shelves, fixing cars and wiring in light fittings - but she wants a boy. Then she sees him in the paper: goes out to get him. Transpires he's a typical Zindel victim - but young enough to stand a chance when Sibella buys him the possibility of a future. Not the best way into Zindel - but a possible extra title for those who know and like his books already. It's slim - and that's a plus even if the boy on the front won't fit the Sweet Dreams of the fifth form.
