A picture book with a longish text which seeks to give reassurance to small children left in the care of a baby-sitter. In this story Peggy's fears that 'there is a crocodile under the bed' prove to be true but Henry-for that's this croc's name- turns out to be very friendly and an excellent baby-sitter to boot. A book that in my experience has already proved popular in hardcover: if you missed it first time around, make sure of a copy now.
