Readers of **Animal Games** will want to create their own stories as well as reading the one-sentence text that accompanies each attractive illustration of animals at play. Rhyming couplets are used to keep the reader turning the pages of **Animal Tricks** but having read the book straight through, they will want to return and linger over the humorous details in the pictures. **Seasons** and **Animal Homes** have more text, the former being a colourful tribute to the natural cycles, whilst the latter illustrates and describes various habits and habitats. **And Animal Shapes** is designed to encourage children to try their hand at creating their own pictures. It is always a joy to look at Brian Wildsmith's marvellous paintings and at £1.95 each, these books are exceptional value.
